This License governs your use of this software product (**Higson.io**) that you are installing on your machines and all related documentation, and updates and upgrades that replace or supplement the software in any respect and which are not distributed with a separate license (collectively, the "Software"). This Software is licensed to you, not sold.

By installing or using the Software, you agree to the terms of this License and agree to be bound by it. If you install the Software, the terms and conditions of this License are fully accepted by you.

If you do not agree to the terms of this License, then do not install or use the Software.

1. **Grant**. This Licensor grants you a limited, non-exclusive license to install and use the Software for your use solely as set forth in this License and accompanying documentation. Your acquired rights are subject to your compliance with this License. You are expressly prohibited from sub-licensing, renting, leasing or otherwise distributing the Software or rights to use the Software. The term of your License shall commence on the date that you install or otherwise use the Software, and shall end on the earlier of the date that you dispose of the Software or Licensor's termination of this License.

2. **Scope of use.** You may use the Software only for the purpose of (a) evaluation of the Software, (b) development and testing of applications that interact and operate with the Software. Any commercial use of the Software is prohibited unless you bear a valid Production Use License (to be acquired separately).

3. **Reservation of Rights.** Except as expressly licensed to you herein, Licensor reserves all right, title and interest in the Software and all associated copyrights, trademarks, and other intellectual property rights therein. This License is limited to the intellectual property rights of Licensor and its licensors in the Software and does not include any rights to other patents or intellectual property. Except to the extent permitted under applicable law, you may not decompile, disassemble, or reverse engineer the Software, or any component thereof, by any means whatsoever. You may not remove, alter, or obscure any product identification, copyright, or other intellectual property notices in the Software. All rights not expressly granted herein are reserved by Licensor.

4. **Your Contributions.** In exchange for use of the Software, and to the extent that your contributions through use of the Software give rise to any copyright interest, you hereby grant Licensor an exclusive, perpetual, irrevocable, fully transferable and sub- licensable worldwide right and license to use your contributions in any way and for any purpose in connection with the Software and related goods and services including the rights to reproduce, copy, adapt, modify, perform, display, publish, broadcast, transmit, or otherwise communicate to the public by any means whether now known or unknown and distribute your contributions without any further notice or compensation to you of any kind for the whole duration of protection granted to intellectual property rights by applicable laws and international conventions. You hereby waive and any other rights you may hold over your contributions to the Software. The license grant to Licensor, and the above waiver of any applicable rights, survives any termination of this License.

5. **Termination.** This License is effective until terminated. Your rights under this License will terminate immediately and automatically without any notice from Licensor if you fail to comply with any of the terms and conditions of this License. Promptly upon termination, you must cease all use of the Software and destroy all copies of the Software in your possession or control. Termination will not limit any of Licensor's other rights or remedies at law or in equity. Sections 6 - 8 of this License shall survive termination or expiration of this License for any reason.

6. **Disclaimer of Warranties.** Licensor does not give you any warranty of the Software and it is provided to you with all its faults. When you use it, you consent to your knowledge of that fact and Licensor will not be blamed for any problem that the Software causes to your other software, data, computers or electronic devices. Licensor does not claim or guarantee that the Software will be available to you without interruption, or will be free of problems, or that its errors will be corrected. No oral (spoken) or written advice provided by a representative of Licensor will create a warranty of any kind under any jurisdiction.

7. **Limitation of Liability.** The Licensor will not be liable to the Licensee in respect of: any loss of profits or anticipated savings; any loss of revenue or income; any loss of business, contracts or opportunities; any loss or corruption of any data, database or software; any special, indirect or consequential loss or damage. The aggregate liability of the Licensor under this License shall not exceed the total amount actually paid by the Licensee to the Licensor under this License.

8. **Severability and Survival.** If any provision of this License is illegal or unenforceable under applicable law, the remainder of the provision shall be amended to achieve as closely as possible the effect of the original term and all other provisions of this License shall continue in full force and effect.

9. **Governing Law.** The License shall be governed by and construed in accordance with Polish law. The courts of Republic of Poland shall have exclusive jurisdiction to adjudicate any dispute arising under or in connection with this License.

10. **Export Control.** You agree to abide by applicable export control laws and agree not to transfer the Software to a foreign national, or national destination, which is prohibited by such laws, without first obtaining, and then complying with, any requisite government authorization. You certify that you are not a person with whom Licensor is prohibited from transacting business under applicable law.

11. **Entire Agreement.** This License constitutes the entire agreement between you and Licensor with respect to the Software and supersedes all prior or contemporaneous understandings regarding such subject matter. No amendment to or modification of this License will be binding unless made in writing and signed by Licensor. No failure to exercise, and no delay in exercising, on the part of either party, any right or any power hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any right or power hereunder preclude further exercise of any other right hereunder. In the event of a conflict between this License and any applicable purchase or other terms, the terms of this License shall govern.
